THE MEMORY

JAKIN SENIORS OF 1957 PRESENT

THEMEMORY

DEDICATION

Me, the Seniors of 1956-57 dedicate, "THE MEMORY" to Mr. Harold McCarty, Principal, and Mrs. Dola Mae Evans, Sponsor, for their friendship, loyalty and service. On many occasions they have given their and much needed suggestions which have helped us obtain our goals during our Senior year.

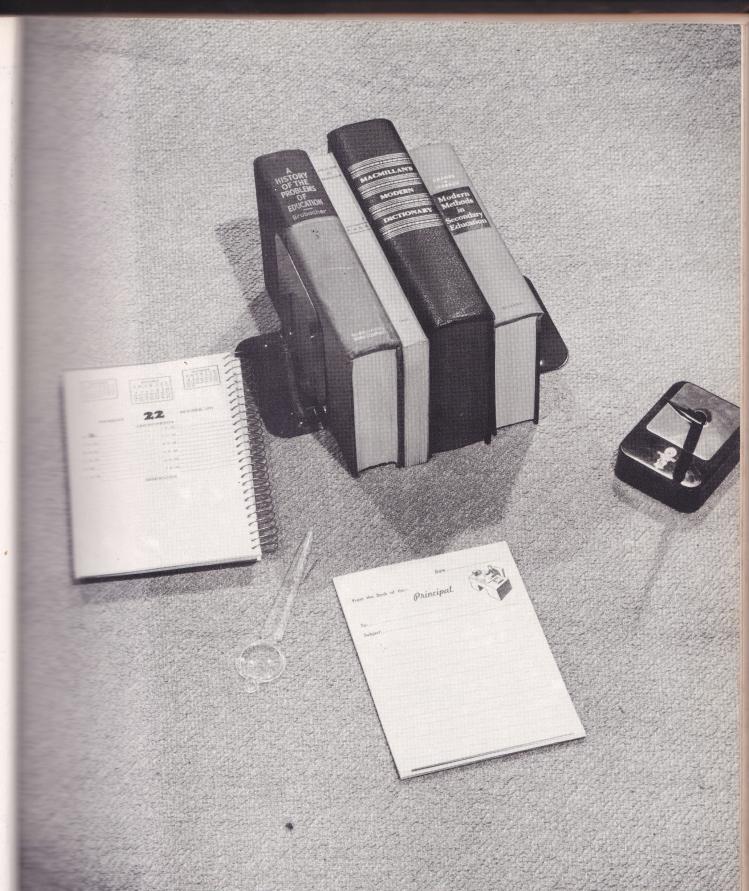

APPRECIATION

We have put forth our best efforts to make this the best edition of the Memory published. No amount of labor has been spared in this endeavor. We trust that we shall have the inward satisfaction that comes with the approval of an annual by the students. Though the staff has labored diligently, it could not have developed this volume alone. To the students and faculty we wish to express our appreciation for their cooperation.

As a token of appreciation we thank our parents for their helpful counseling, understanding patience, their sincere interest in our trials and accomplishments, kindness, much needed sympathy, and most of all, for the opportunity to graduate from this high school. Thank you Parents.

To the advertisers who have so heartily and willingly given us their support and thereby made it possible for this volume to be published, we thank you in earnest gratitude.

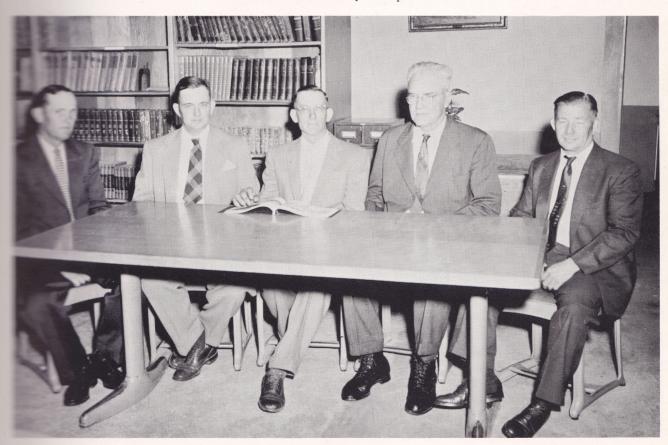

To Artmaster Yearbook and Company, we wish also to express our thanks for the timely suggestions in making up our book.

THE THREE-SOME OF JHS

"Full of laughter, full of pep, Never quiet, that's their rep."

MR. AND MISS J. H. S.

Cute is sure the name for her, It fits her to a "T".

To know her is to like her,
She's cute as one could be.

CUTEST Faye and Steve

This boy really has something, In a different kind of way. Or at least we are only quoting, What all the girls do say.

Here upon the Campus
It's very hard to find
Someone who looks as lovely
With features as subline.

MOST ATTRACTIVE
Hazel and Jake

Handsome is what we call him
The ladies he'll not forsake
They're always gathered round him,
This guy we know as JAKE.

So courteous in every way Jackie is from day to day.

MOST COURTEOUS
Hazel and Jackie

When Hazel is given the same test, She always rates the very best

She reminds you of a daisy
Or a violet on the hill
So smartly dressed you see her,
And no doubt you always will.

NEATEST Hazel and Jake

smartly dressed is this young man, the a banker or an employer.

A business man or a financier,

The a Philadelphia lawyer.

Jackie

His heart's full of gold, His friendliness to us, he has sold. His face is never without a shine, In this world he'll get along fine.

This girl always has words of good cheer, You know when she is near. She's always friendly you see, She'll have friends, wherever she be.

With an interest in his fellow-man He has the gift to be, Quiet in every way he can And a friend to you and me.

OUIETEST Virlyn and Hazel

She's faithful in so much And quiet in every way, We always like to be with her In business, work, or play.

SWEETHEART
Faye

F.H.A. SWEETHEART
Steve

To the deserving go the credit To this girl we honor now. In respect and admiration To incentive now we bow.

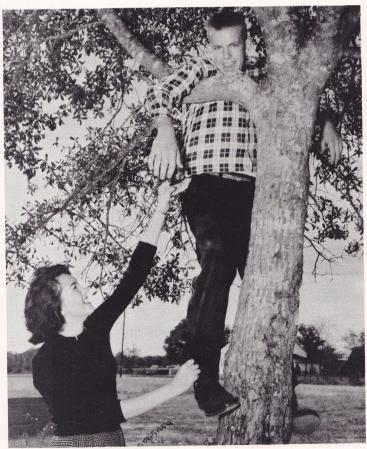

MOST INTELLECTUAL
Tina and Jackie

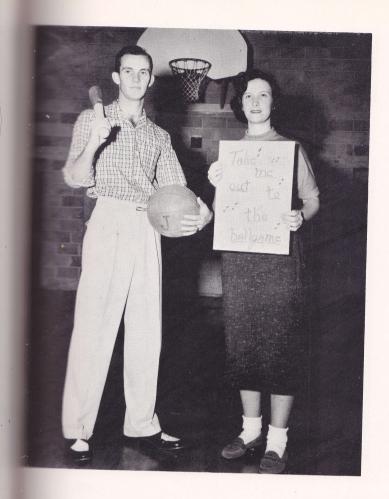

All the time he's been here
He's proved he's mighty smart.
But something else makes him excell,
This boy has got a heart.

We've never known a gayer one, She sparkles as she smiles. Always a happy, funny word To lay you in the aisles.

> WITTIEST Lucy and Carol

If you've ever been around him
This lad of wit - Carol,
He'll make you smile before you leave,
He'll even make you howl!

When you hear him sing, Fond memories he'll bring. You know he has a way To charm you every day.

MOST TALENTED
Jane and Jake

She's got what it takes,
To make high stakes.
When it comes to talent
For her we'll cast our ballot.

Personality made her
The number ONE girl.
You'll never find another,
Throughout this whole wide world.

BEST ALL-AROUND

Jane Ellen and Kalon

Because he's ever popular We found for him a spot. Where he should ever be Above, beyond and on top.

Many are bold, Many are bold, But Faye has thoughts That are still untold.

MOST BASHFUL Faye and Virlyn

Shyness conceals a bright mind
A better pal is hard to find.
A merry grin, a handsome face;
With these in life, he'll win a place.

She's got all the dope.

J. H. S. gave her all her hope.

She'll succeed, that we know,

Our memories for her will always flow.

MOST LIKELY TO SUCCEED

Jackie and Jane

This boy with the future planned, Will do swell things in this land. He's smart, so he'll have his day, Soon his dreams will come his way.

She excells in sports - loves basketball This strong and healthy Damsel A regular lady athlete A large and lovely amazon.

MOST ATHLETIC

Jane Ellen and Kalon

Basketball's his favorite sport Like a mighty wheel he rolls Always there in the clinch To get that extra goal.

Delma always has something to say Plenty of sense and good humor, too. But when it comes to talking She never gets through.

> LOUDEST Delma and Lang

To let someone exceed him in noise Is something he can hardly bear, But when it comes to lessons He doesn't seem to care,

DEAR TO OUR HEARTS

ALMA MATER

Hail to thee, our Alma Mater,
We will do the right,
In our hearts we'll hold you near us,
Hail: the green and white.

CHORUS

Forward we will go and conquer Onward to our goal, Even though we meet with failure Loyalty our goal.

2

Jakin High, we'll always love thee Hold your colors high In our hearts we'll cherish memories As the years roll by.

MY DREAM

As I was reclining on my bed one night after attending a class party, I quickly fell asleep. Dreams often appear about people with whom you have been spending a while and this is one time it happened to me.

The class of 1957 was assembling for a reunion at Johnny's home in our old home town of Jakin. We were serving dinner out on the lawn when we noticed someone missing. This person was none other than Fuzzy, or rather Kalon Knight. We waited anxiously, and a little later a car came up the driveway. It was Fuzzy with a blushing bride! We saw that he was still a lady killer! They planned to live in her home town, Albany, where he was a well established plumber.

As this was an informal get together to organize our future reunions, we elected Jackie Frith as our presiding officer. After we settled this we decided to let each person tell what they had done. The following reports were made:

Jackie was a sports reporter for the Atlanta Constitution. In addition he told us of his own sports magazine, "The Sports News", on which he did most of his own articles himself. Baseball was his favorite sport.

Johnny Miller, as we all learned, was still farming. In school Johnny seemed to like to work at home. All of his work was not farm work. He has a very beautiful horse which he rode in the state contest and won first place.

One of the girls, Hazel Cannon, told us she had formerly planned to go to business school, but had changed her mind and gone to four years of college. She planned to study Business Administration but changed it to Home Economics because she became interested in designing. She later became the designer of the famous Hazel Fashions.

Jake Cannon had completed his education after receiving a scholarship in singing. He entertained us with one of his popular numbers with his wife as accompanist. He is now president of the National Bank in Tallehassee, Florida.

Kenneth George reported that he was in the Mechanical Research Department in New York. He was working on a type of car that only needed one hour of energy from the sun to run twenty-four hours. They discussed this and arguments began.

Of course loud voices will win out for Lang Houston secured the place of speaker next. He told us of the big four-lane highway of which he was in charge.

As time passes, old memories of basketball are brought up. This is capped off when we find that Raymond Miller is coach of the great five at Norman Park. They had not been defeated and Ramond was a well-known coach.

Philip Buckhalter seemed to be the only one that had not changed in appearance. His main subject was his home which he is just now completing at Jakin. He built a lake which is a permanent watering place for his cattle, also.

Delma McMullen seemed to be the only one of the class who had traveled in other countries. She and her husband represented the United States in Foreign Affairs. Their home was in Texas.

Next it was my time and as I was relating the fact that I was a teacher I suddenly aroused from this deep slumber to realize that I was only dreaming.

Ah! What a dream but a pleasant one! I hope the future of our class will be just as pleasant.

Jane Ellen Reese
